For many people in our community,  
the future can sometimes seem a dark and hopeless road.

Since 1972, Lighthouse  
has provided the guidance and compassion  
to help them move forward with their lives.

**Lighthouse helps people find their way.**

Whether it is people on the verge of going hungry or having their utilities shut off, mothers seeking to escape domestic violence or looking to create better lives for their children, or families hoping to create a better future through home ownership, Lighthouse is there to help them, one person at a time.

Together, our three subsidiaries provide service on more than 70,000 occasions each year, and that number continues to rise.

*Hope*
